

Underroot Tunnels

Player-facing description

A Progress Countdown-based traversal environment where finding entrances and navigating similar passages matter more than fighting.

Public role

Traversal environment for hidden root communities

Handout text

A Progress Countdown-based traversal environment where finding entrances and navigating similar passages matter more than fighting.

GM truth

No forced reveal. Let this entity disclose truth through scene context and player attention.

GM handling

Introduce with sensory texture, then make one discoverable clue or social choice visible.

Mechanics

- Title: Location Exploration Mechanics
- Player Safe: Players can navigate, search, read customs, inspect hazards Underroot Tunnels when it is present in the fiction.
- Gm Only: Use the roll only when the player's method, stakes, and consequence are concrete.
- No Roll Reveals: Surface read: A Progress Countdown-based traversal environment where finding entrances and navigating similar passages matter more than fighting. Give obvious visible facts freely; roll for meaning, risk, leverage, cost, or a hidden angle.
- Rolls: entity-underroot-tunnels-engage-underroot-tunnels entity-underroot-tunnels Engage Underroot Tunnels Engage Underroot Tunnels Instinct Knowledge Finesse Presence Instinct Knowledge, Finesse, Presence 13 Choose the trait from the player's method, not the entity type. A flat read of Underroot Tunnels hides the cost, motive, or useful next step. Critical Success: best possible version of the action; gain Hope and clear 1 Stress. Add an extra benefit that follows from the fiction. Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a cost, complication, or pressure. Failure with Hope: the PC does not get the full result, but gains Hope and receives a useful thread, clue, or safer next option. Failure with Fear: the PC fails and the GM gains Fear. Make a...

- Fear Spends: Reveal who benefits from the current situation. Make the cost personal without closing off player agency.
- Condition Options: No official condition unless a hazard creates Hidden, Restrained, or Vulnerable
- Search Loot: Search yields context first: spoor, warning marks, tool scratches, route signs, or local testimony unless a scene names treasure.

- Visual Assets: location-visual-assets-v1 underroot-tunnels Underroot Tunnels Bright comedic frontier high-fantasy concept art for a Daggerheart-adjacent tabletop RPG. Medieval/Renaissance fantasy technology only: hand tools, wagons, ropes, parchment notices, ward-stones, carved wood, brass, cloth, stone, moss, lanterns, and magic. The tone is colorful, playful, slightly absurd, and vivid, like a fantasy corporate frontier comedy rather than a grim drama. No sci-fi machinery, no 1800s/Victorian clothing, no modern suits, no guns, no logos, no readable text, no watermark, no border, no collage. /Users/kyle/Documents/My Games/Peril To Profit/story-atlas/src/location_visual_assets/underroot-tunnels MAP-LOC-underroot-tunnels

- Imagine It Like: Imagine a root-cellar subway for people the official map forgot: warm earth, low ceilings, mushroom lamps, branching doors, and the careful hush of a community that survives because strangers do not know which root opens.
