

Disposition / Resolution Track

What it is

A module-facing tracker for how a creature, NPC group, or faction leaves a scene: helped, calmed, fought, captured, spared, or harmed.

How it works

Use for Strixwolf and Bramble-style outcomes that should ripple later.

Step by step

- Use for Strixwolf and Bramble-style outcomes that should ripple later.
- Track what the table actually did and how the affected side now feels about them.
- Return to the fiction with the concrete result, cost, or benefit.

Try it

What are we tracking?
