

Group Action Rolls

What it is

A shared action where one PC leads and the other PCs support with reaction rolls.

How it works

Use when several PCs work on the same task together and one clear leader makes sense.

Step by step

- Use when several PCs work on the same task together and one clear leader makes sense.
- Choose a leader. Other PCs describe help and make reaction rolls; their successes and failures adjust the leader's action roll.
- Return to the fiction with the concrete result, cost, or benefit.
