

Long Rest

What it is

Extended downtime recovery; the GM gains 1d4 plus the number of PCs in Fear and may advance a long-term countdown.

How it works

Use between adventures or when a sequel session gives the party real downtime.

Step by step

- Use between adventures or when a sequel session gives the party real downtime.
- Not during immediate danger. Use short rest inside the one-shot; save long rest for continuation play and long-term pressure.
- Return to the fiction with the concrete result, cost, or benefit.

Try it

Do we long rest?
