Player questions

- What detail in Arrival at Hush tells you the official story is incomplete?
- Who notices the human cost first, and how do they show it?
- What small object, smell, or sound makes this scene feel real?

GM notes

- Do not make Hush the joke. The branding is the joke; the people are sincere.
- Keep player-facing information actionable. Reveal systemic truth through objects, reactions, and consequences before naming it.
- Hush hospitality should use the PDF's guest privilege custom: generous, bounded, and vulnerable to exploitation.
- Manufactured-threat lens: seed the contradiction, do not explain it. The surface goal stays simple and heroic.
- [ADD/GUARANTEED] A Grail "Protection Coverage" invoice hangs on the Clover Co-op wall, overdue and steep.

Checks and rolls

- Presence Arrive respectfully and read local customs. Easy Gain hush_trust +1 on warmth and humility. 10 Cleanly resolve: Arrive respectfully and read local customs. Add a concrete boon, extra clue, or improved position. Success, plus the player names one helpful detail or asks one follow-up question. Success, but the GM exposes a cost, ticks a countdown, or reveals a new pressure tied to Arrival at Hush. The full goal slips, but the party still learns a useful truth or avoids the worst consequence. The GM makes a hard move that follows from the fiction and leaves the next choice visible. Spend Fear to make trust cost time, reveal a local fear, or show a ward symptom that locals have normalized. On mixed or sliding results, reveal information in layers: visible fact, actionable clue, then systemic truth.

Clues

- Local caution They are afraid. They know the ward has been neglected. Hush has survived by knowing when systems fail.
- Guaranteed seed A Grail "Protection Coverage" invoice hangs on the Clover Co-op wall, overdue and steep. A Grail "Protection Coverage" invoice hangs on the Clover Co-op wall, overdue and steep.

Loot

- Clover Co-op gift table if trust is earned
- Shoe-line trinket: a tiny local object appears in a PC's boots and hints at a coming challenge.
- Sableleaf Shoes: A pair of shoes sewn entirely from broad sablewood leaves sits light as breath, green-veined, and already leaning toward motion.
- Sable Sap: Warm amber sap beads from a crack in a huge trunk like the tree is breathing it out. It smells of honey, woodsmoke, and something older.
- Tamsin's Home-Token: A small thumb-polished token on a cord hangs beside the torn blue scarf, warm from wear and etched with a tiny house mark instead of a company seal.
