How It Works

Domain Cards: Ability cards selected from a class's domains and arranged between loadout and vault.

Try It

How do cards work?

You Could

- Use when a player asks what their cards do, when a rest allows swapping, or when a feature is triggered.
- Your active loadout gives usable abilities. During rests, official rules control when cards move between loadout and vault.
- Return to the fiction with the concrete result, cost, or benefit.
