

Relay Spire

Hook

A slim, windswept relay tower with a beacon at the top that has lately begun to burn thin.

Arrival Read

The Relay Spire is distant enough to be a future problem and bright enough that nobody can pretend it is unrelated.

Known For

A slim tower that exists to be high and bright. The base room is all coiled rope, spare flags, and worn-out boots. The outer stair winds up into hard wind. At the top a beacon burns, and lately it burns a little thin, the kind of detail nobody mentions and...

What Is Here

Local residents or workers appropriate to the place courier birds, cliff insects, small nesting things in the eaves No default combatant; add only if the scene introduces one
Local civic, trade, or route interests Food, tools, route signs, local goods, or...

Food And Texture

Whoever keeps the beacon lives on what they can haul up, hard rations, a thermos of something hot, courier-bird eggs when the nests are generous. They share a cup at the top and watch the horizon over the rim of it.

You Could

- Look for the busiest local gathering point.
- Ask what has changed here recently.
