

The Stones of the Vale

Hook

Tall carved stones with mossy grooves and offerings that are always fresh, where the light lingers a half-second too long in the gaps between them.

Arrival Read

The Stones of the Vale glow blue at the edges, as if old protection is waking up angry and tired.

Known For

Tall carved stones frame the approach, their grooves worn soft and packed with moss. Small offerings sit in a hollow between them, fresh, which means someone still comes. Light catches wrong in the gap between two of the stones and lingers a half-second too...
