

The Umbrand Consortium

Hook

The Umbrand Consortium: a future-thread rumor about necessities that arrive after official supply says no.

Public Face

A rumor about goods that arrive after official supply says they cannot.

Slogan

If you needed it, it was never legal.

How To Deal

Umbrand stories smell like wet rope, unmarked wood, and favors nobody wants written down. They are not glamorous smugglers. They are the answer to a locked pantry, a restricted medicine shelf, and a village told to wait for authorized mercy.

You Could

- Ask what they publicly promise.
- Compare their slogan to what they actually do in the scene.
