

Action Roll

Hook

Roll when a PC does something uncertain and consequences matter.

What It Is

Roll when a PC does something uncertain and consequences matter.

How It Works

When a PC tries something uncertain and meaningful, choose a trait, set Difficulty, roll Hope d12 + Fear d12, add bonuses, compare total, then read Hope/Fear spin.

Try It

Give a player Presence 12 to calm a worried animal, then ask what Hope or Fear changes in the scene.

You Could

- Player states the action in the fiction.
- GM names the trait that best matches the method and the Difficulty.
- Player rolls Hope d12 + Fear d12 and adds trait, Experience, or advantage/disadvantage.
- Compare total to Difficulty, then resolve the Hope/Fear or critical result.
