

Heritage

Hook

The broad character identity layer made from ancestry, community, and the player's chosen story details.

What It Is

The broad character identity layer made from ancestry, community, and the player's chosen story details.

How It Works

Heritage: The broad character identity layer made from ancestry, community, and the player's chosen story details.

Try It

Is heritage a rule?

You Could

- Use when a player asks what shaped their character before the job.
- Use the exact sheet rules for ancestry/community features; use the rest as story permission and roleplay texture.
- Return to the fiction with the concrete result, cost, or benefit.
