

Emeris Capital Gate

Player-facing description

A great arch of pale carved stone rises three wagons wide, its keystone leafed in gold and its faces worn smooth by a century of carved caravans setting out. Beneath it runs a permanent little fair: toll-counters clacking, a crier calling the morning rates, a stall hawking painted gate-charms, and the smell of fried dough and hot sealing-wax.

Public role

This is Emeris's Sablewood-facing gate and a player-safe starting image. Keep it a working public threshold, not a failure reveal.
