Summary: A terrifying wraith that attacks memory, vulnerability, and soul tether.. Cinematic fantasy concept art, readable silhouette, no visible text, no UI, no watermark. - Personality: A predator made of policy, hunting where debt, ward-failure, and fear overlap. The original person wanted release from a debt that taught them to collect others, and that single unpaid wanting is the only crack in the ledger.
- Wants: Convert protection, memory, and fear into collectable balance.
- Fears: Freely given protection and memories that refuse a price.
- Secrets: The wraith was once a debtor before it became an instrument.
- Body Language: Checks exits and cargo before glory. Fear makes the violence practical rather than theatrical.
- Sample Dialogue: Please state the value of what you refuse to lose. Unfiled grief accrues. Protection without invoice is an irregularity.

- Equipment: No equipment; use as context, place, faction, mechanic, or clue rather than treasure.
