- Personality: Not cruel and not hungry for a fight, just a cornered parent doing math no one taught her, weighing every armed stranger against two small clicking shapes under her wing. She will let you walk away. She will not let you walk closer.
- Wants: Keep the pups fed and far from armed strangers.
- Fears: A sudden rush toward the pups, fire, and cornered noise.

- Secrets: There is no secret motive; the clue is that she is a mother, not a murderer.
- Body Language: Moves from protection, not malice. Reacts to posture, volume, and distance more than words.
- Sample Dialogue: She does not speak; she lowers her wings over the pups and tracks hands, not faces.
- Equipment: feathers bloodied muzzle protective instincts barred throat feathers fresh spoor pup scent scavenged cart scraps
