- Search Or Loot: Infrastructure is not loot; it is the map of who profits from danger and who pays when protection fails.
- Gm Use: Use when the scene needs a concrete object for players to inspect, carry, debate, or remember.
- Future Hooks: Bring back as an echo if players made a strong choice involving this entity.
- Robust: The whole visible system of stones, spires, chimes, contracts, and keepers that makes the frontier feel safe. The ward network is also an economy: construction, soul-power, security, finance, retail protection, and propaganda all feed from the same danger. Ward pillars, relay fires, maintenance plates, brass stamps, dull chimes, green-white lines under old stone. Keep the frontier habitable while converting hazard into recurring revenue and control. Communities repairing each other outside the stack, clear evidence of profit from failure, and a Keystone becoming sentient. Use when the scene needs a concrete object for players to inspect, carry, debate, or remember. Knowledge / Instinct / Presence as fits the table 15 Learn the clean fact about Ward Infrastructure and one deeper connection. Learn the useful fact and gain a follow-up question. Learn the fact, but reveal who notices, who is endangered, or what timer advances. Miss the full answer, but gain a sensory clue or safe next step. Misread the pressure and invite a GM move tied to cost, custody, or danger. Spend Fear to reveal the system behind the object, move a threat closer, or make a choice more costly. Loreborne /...
- Mechanics: Discovery / Earn-It Mechanics Players can inspect, handle, keep, trade, reveal, or earn Ward Infrastructure when it is present in the fiction. Use the roll only when the player's method, stakes, and consequence are concrete. Surface read: The full stack of wardstones, relay spires, contracts, maintenance, soul-power, security response, insurance, and public narrative. Give obvious visible facts freely; roll for meaning, risk, leverage, cost, or a hidden angle. entity-ward-infrastructure-engage-ward-infrastructure entity-ward-infrastructure Engage Ward Infrastructure Engage Ward Infrastructure Knowledge Finesse Instinct Presence Knowledge Finesse, Instinct, Presence 12 Choose the trait from the player's method, not the entity type. A flat read of Ward Infrastructure hides the cost, motive, or useful next step. Critical Success: best possible version of the action; gain Hope and clear 1 Stress. Add an extra benefit that follows from the fiction. Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and

introduces a cost, complication, or pressure. Failure with Hope...
