Ember Lake steams under cool canopy air, a hot spring mirror that suggests something older is still working below Sablewood. Make the hot spring beautiful, useful, and slightly troubling. Warm mist hangs above dark water. Orange light moves under the surface like banked coals. Stones near the edge are arranged for safe approach, not worship. Leaf-drip, insects, distant wingbeats, and animal calls that stop or resume according to pressure, not comfort. Sulfur, wet stone, mineral steam, and sweet lake reeds. Shore rocks are slick and warm; steam beads on skin like fever sweat. The forest is populated even when no NPC is present; silence, birds, insects, and tracks are actionable signals.
