

S03-03 - The Clover Co-op

Player text

The Clover Co-op climbs the trunk of an ancient tree, level stacked on level, crowded with music and good-natured noise. A friendly local stops you at the door: newcomers hang their shoes on the line strung across the ground floor. By the time you leave, locals promise, the shoes come back shined and filled with little trinkets. Warmth, food, and a dozen conversations wait. What do you do?

Public objective

Rest, connect, and become someone the town trusts.

- Alt: The Clover Co-op scene art for Seeking a Custodian.
- Caption: The Clover Co-op gives the party hospitality, texture, and reasons to care.
- Mood: Seeking a Custodian
- Gmgoal: Use the vertical tavern as Hush's social heart: shoe custom, named locals, player-authored details, and a chance to belong.
- Publicobjective: Rest, connect, and become someone the town trusts.
- Readaloud: The Clover Co-op climbs the trunk of an ancient tree, level stacked on level, crowded with music and good-natured noise. A friendly local stops you at the door: newcomers hang their shoes on the line strung across the ground floor. By the time you leave, locals promise, the shoes come back shined and filled with little trinkets. Warmth, food, and a dozen conversations wait. What do you do?
- Gmnotes: This scene is relationship, not objective extraction. Slow down and let players be people. Do not turn hospitality into shopping inventory; use gifts as story boons.
- Gmscript: Say: "This is Hush's living room. Hang your shoes if you want to honor the custom. Pick a face, pick a table, or tell me one thing this tavern has that no tavern outside Hush would have."
- Gmreadaloud: The Clover Co-op climbs the trunk of an ancient tree. Newcomers hang their shoes on the line strung across the ground floor. Warmth, food, and a dozen conversations wait.
- Gmchecklist: Offer the shoe custom and reward it later with polished, trinket-filled shoes. Describe Fidget, Lausa, and Halython before naming them. Ask one player-

authored tavern prompt. Offer Prepare/Hope as a quiet breather. Let Halython ask about the road outcome when the moment is warm.

- Gmprivate: Halython's Bramble question lets bramble_outcome affect trust without lore-dumping. Even the tavern has small protective wards; Marlowe can notice this.
- Playertakeaway: This is the warm center of the act: a place to be people before being couriers again.
- Storytakeaway: Belonging in Hush is offered through customs, food, games, and careful attention.
- Mechanictakeaway: Downtime is mechanical here: Prepare/Hope, Presence, and respectful roleplay can raise hush_trust and unlock a guide.

- Lootclues: Use Clover Co-op gifts table Sableleaf Shoes: A pair of shoes sewn
entirely from broad sablewood leaves sits light as breath, green-veined, and already
leaning toward motion. Bugbane Berry?: A fat red-orange berry shines a little too
perfectly, with a tiny insect suspended dead-center like a pit in amber. It looks
appetizing and deeply wrong. Sable Sap: Warm amber sap beads from a crack in a huge
trunk like the tree is breathing it out. It smells of honey, woodsmoke, and
something older. Fire Wine?: A strong golden liquor sloshes in a thick jug, warm
going down and warmer staying there. A paper tag insists it is not made from grapes
and is absolutely not medicinal.

"They are not testing you with a form. They are seeing whether you can be gentle with their home." "Halython may ask what happened with the road attackers. A mercy answer warms the room. A bloody answer makes people quieter." Let the Bramble carry-in affect faces and tone, not a lecture.
