- Alt: Firstmoss Launch Festival scene art for Seeking a Custodian.
- Caption: Firstmoss makes the stakes joyous before the module asks the party to defend them.
- Mood: Seeking a Custodian
- Gmgoal: Offer the optional reward arc: a joyful festival, low-stakes contests, a concrete boon, and one quiet seed about the farms.
- Publicobjective: Join the celebration if you want, earn goodwill, and gather what helps for the road ahead.
- Readaloud: You have arrived during the Firstmoss Launch Festival. The town celebrates the season's first moss rising on the Sunless Farms crops, the promise of fresh fruit and full tables ahead. There is a good-natured arm-wrestling competition, a stone-painting class, and a small market of homemade trinkets. The whole village feels lighter for a moment. What do you do?
- Gmnotes: The festival is the act's exhale before the Act 4 turn. Boon examples: charm, favor token, useful market find, or goodwill that opens a door later.
- Gmscript: Say: "This festival is optional, but it is real. If you join in, Hush remembers. Arm-wrestle, paint a stone, browse the market, dance badly, ask about the farms, or skip it and keep moving."
- Gmreadaloud: You have arrived during the Firstmoss Launch Festival. There is arm-wrestling, stone-painting, and a small market of homemade trinkets. The whole village feels lighter for a moment.

- Gmchecklist: Frame festival participation as optional. Grant a concrete festival_boon for sincere participation or a contest win. Let Khari/Varian/Barnacle/Marlowe hooks surface if those PCs are in play. Only seed the farm/corporate thread if a player probes it. Route back toward S03-02/MAP-LOC-hush-farms when ready.
- Gmprivate: The Sunless Farms are managed infrastructure. Seed through crops, schedules, and volunteer precision; do not explain the ward economy. Skipping the festival is an opportunity cost, not a punishment.
- Playertakeaway: You get one genuinely good day; taking part can give the party goodwill and a small boon.
- Storytakeaway: Hush's abundance is real and joyful, even if a curious player may notice how carefully it is managed.
- Mechanictakeaway: Low-stakes mechanics still matter: Strength, Finesse, Presence, market choices, and Prepare/Hope can all produce a festival_boon.

Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a cost, complication, or pressure. Failure with Hope: the PC does not get the full result, but gains Hope and receives a useful thread, clue, or safer next option. Failure with Fear: the PC fails and the GM gains Fear. Make a hard move that follows from the fiction. The PCs watch community instead of participating in it. Use a hard complication, lost time, worse position, GM Fear, or mark Stress.
