- Playertakeaway: Players know they are in the right place and can scan the room-entry basics without needing GM attention.
- Storytakeaway: Goldspire Messengers begins as a sealed delivery through a dangerous managed forest.
- Mechanictakeaway: Room setup and player-display readiness teach the table where shared focus lives before play begins.
- Takeawayhelp: Players can settle in without GM attention. Players know they are in the right place and can scan room-entry basics. The standby carousel should answer the early-room questions: what game this is, who Kyle is, what the night roughly covers, and where the FAQ lives. It is not a rules lesson yet. "Welcome to Peril to Profit: Goldspire Messengers. Grab a seat, settle in, and make sure you have a character sheet and pencil. We will start once everyone is here." If someone asks what to do now: "Nothing complicated yet. Pick a seat, glance at the welcome screen, and tell me if you need a sheet, pencil, water, or a better view." The standby carousel should answer the early-room questions: what game this is, who Kyle is, what the night roughly covers, and where the FAQ lives. It is not a rules lesson yet.
- safety-tools table-spotlight The one-shot begins as a sealed delivery Goldspire Messengers starts as a paid delivery through a dangerous managed forest. Player-safe hook: the package matters, the forest is old, and the job will get stranger. Do not introduce the hidden contents or late-act reveal from the standby screen. "Tonight starts with a simple job: take a sealed package through a..."
