

Eeligator

Player-facing description

Something long coils through the shallow water: alligator jaw, eel body, green-blue eyes, and a finned tail moving with awful patience.

Public role

Tier 1 solo river predator

Handout text

Player-safe note: A blackwater predator with an alligator's jaws, an eel's coiling body, green-blue eyes, and whiskered fins that read the river before prey knows it has been noticed.

GM truth

Use the stat pressure, but keep the story pressure tied to the system that produced the threat.

GM handling

Use as Lucent River danger: drag, depth, reflection, and the question of whether the party respects water as terrain.
