

Sablewood Route Network

Player-facing description

Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe.

Public role

Approved-path travel pressure in the Preserve

Handout text

Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe.

GM truth

No forced reveal. Let this entity disclose truth through scene context and player attention.

GM handling

Introduce with sensory texture, then make one discoverable clue or social choice visible.

Mechanics

- Title: Location Exploration Mechanics
- Player Safe: Players can navigate, search, read customs, inspect hazards Sablewood Route Network when it is present in the fiction.
- Gm Only: Use the roll only when the player's method, stakes, and consequence are concrete.
- No Roll Reveals: Surface read: Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe. Give obvious visible facts freely; roll for meaning, risk, leverage, cost, or a hidden angle.
- Rolls: entity-sablewood-route-network-engage-sablewood-route-network entity-sablewood-route-network Engage Sablewood Route Network Engage Sablewood Route Network Instinct Knowledge Finesse Presence Instinct Knowledge, Finesse, Presence 13 Choose the trait from the player's method, not the entity type. A flat read of Sablewood Route Network hides the cost, motive, or useful next step. Critical Success: best possible version of the action; gain Hope and clear 1 Stress. Add an extra benefit that follows from the fiction. Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a cost, complication, or pressure. Failure with Hope: the PC does not get the full result, but gains Hope and receives a useful thread, clue, or safer next option. Failure

with Fear: the PC...

- Fear Spends: Reveal who benefits from the current situation. Make the cost personal without closing off player agency.
- Condition Options: No official condition unless a hazard creates Hidden, Restrained, or Vulnerable
- Search Loot: Search yields context first: spoor, warning marks, tool scratches, route signs, or local testimony unless a scene names treasure.

- Visual Assets: location-visual-assets-v1 sablewood-route-network Sablewood Route Network Bright comedic frontier high-fantasy concept art for a Daggerheart-adjacent tabletop RPG. Medieval/Renaissance fantasy technology only: hand tools, wagons, ropes, parchment notices, ward-stones, carved wood, brass, cloth, stone, moss, lanterns, and magic. The tone is colorful, playful, slightly absurd, and vivid, like a fantasy corporate frontier comedy rather than a grim drama. No sci-fi machinery, no 1800s/Victorian clothing, no modern suits, no guns, no logos, no readable text,

no watermark, no border, no collage. /Users/kyle/Documents/My Games/Peril To Profit/story-atlas/src/location_visual_assets/sablewood-route-network MAP-LOC-sablewood-route-network playable fantasy location top-down location map profile_scene Profile image ready /Users/kyle/Documents/My Games/Peril To...

- Imagine It Like: Think an old national-park road system that a freight company tried to turn into a paid fast lane: muddy sunken tracks, family shortcuts, cheerful official markers, and the constant sense that the forest recognizes local knowledge before paperwork.
