Mechanics

- Title: Social / Information Mechanics
- Player Safe: Players can interact, comfort, persuade, or earn trust Will Scild when it is present in the fiction.
- Gm Only: Use the roll only when the player's method, stakes, and consequence are concrete.
- No Roll Reveals: Surface read: A slow-moving Sablewood merchant nobody disturbs, known for carrying valuable goods and tossing a small stone between his hands. Give obvious visible facts freely; roll for meaning, risk, leverage, cost, or a hidden angle.
- Rolls: entity-will-scild-engage-will-scild entity-will-scild Engage Will Scild Engage Will Scild Presence Knowledge Instinct Presence Knowledge, Instinct 12 Choose the trait from the player's method, not the entity type. A flat read of Will Scild hides the cost, motive, or useful next step. Critical Success: best possible version of the action; gain Hope and clear 1 Stress. Add an extra benefit that follows from the fiction. Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a cost, complication, or pressure. Failure with Hope: the PC does not get the full result, but gains Hope and receives a useful thread, clue, or safer next option. Failure with Fear: the PC fails and the GM gains Fear. Make a hard move that follows from the fiction. A flat read of Will...

- Fear Spends: Reveal who benefits from the current situation. Make the cost personal without closing off player agency.
- Condition Options: No official condition unless the fiction calls for Hidden, Restrained, or Vulnerable
- Search Loot: Search yields context first: spoor, warning marks, tool scratches, route signs, or local testimony unless a scene names treasure.
