Player questions

- What detail in Bramble Union Ambush tells you the official story is incomplete?
- Who notices the human cost first, and how do they show it?
- What small object, smell, or sound makes this scene feel real?
- What detail on a reclaimer's gear makes them look like a craftsperson from a hidden community rather than a disposable bandit?

GM notes

- Offer ways to incapacitate, scare off, capture, or negotiate if players push for it.
- Keep player-facing information actionable. Reveal systemic truth through objects, reactions, and consequences before naming it.
- The Bramble Union ambush now points back to hidden villages, stoneweave armor, and thorns used as shelter from surveillance.
- Manufactured-threat lens: seed the contradiction, do not explain it. The surface goal stays simple and heroic.
- [REFLAVOR/GUARANTEED] The reclaimers target the cargo and manifest, not purses, and avoid killing when possible.
- [REFLAVOR/GUARANTEED] Their gear includes salvaged, repainted Grail/Kazrak kit: ex-workers, not feral bandits. (Knowledge Medium 15 to name the issue)
- [ADD/EARNED] "That stone belongs in the ground." "You do not know what you are carrying."

Checks and rolls

- Agility or Strength Hold the carriage line. Standard Prevent the Keystone from being seized. 15 Cleanly resolve: Hold the carriage line. Add a concrete boon, extra clue, or improved position. Success, plus the player names one helpful detail or asks one follow-up question. Success, but the GM exposes a cost, ticks a countdown, or

reveals a new pressure tied to Bramble Union Ambush. The full goal slips, but the party still learns a useful truth or avoids the worst consequence. The GM makes a hard move that follows from the fiction and leaves the next choice visible. Spend Fear to close the ambush net, threaten the Keystone route, or force a choice between cargo and mercy. On mixed or sliding results, reveal information in layers: visible fact, actionable clue, then systemic truth.

- Presence Force a pause for negotiation. Hard in combat Learn one displacement truth.

Clues

- Route sketch Someone leaked the route. Corporate logistics exposed Hush by treating risk as overhead. The Claimrunner knows the cargo route too well.
- Guaranteed seed The reclaimers target the cargo and manifest, not purses, and avoid killing when possible. The reclaimers target the cargo and manifest, not purses, and avoid killing when possible.

Loot

- Use Bramble Union Ambushers and Claimrunner loot tables
- Bramble Union Stoneweave: A garment of thousands of tiny polished stones moves like cloth and turns thorns like armor. Every fitted piece looks cut by hands that loved the work.
- Vial of Briarpowder: A small stoppered vial holds fine grey-green thorn powder that seems to drink the light. A blade edge near it looks sharper and hungrier.
- Bramble Ward-Scrap Charm Cluster: A knot of blue ward shards, twine, and tiny salvage tags clacks softly at a Bramblefolk belt. It looks illegal only because it looks useful.
- Claimrunner Serrated Blade: A short serrated blade shows careful filing along the back edge and a handle wrapped in road cord. It is ugly in the practical way of a tool that has never had a decorative day.

Sorcerer/Rogue/Warrior/Guardian/Ranger: give each class one table-facing way to shine without changing the plot.
