Player questions

- What detail in Toward Open Vale tells you the official story is incomplete?
- Who notices the human cost first, and how do they show it?
- What small object, smell, or sound makes this scene feel real?

GM notes

- Skip or montage if time is short.
- Keep player-facing information actionable. Reveal systemic truth through objects, reactions, and consequences before naming it.
- Manufactured-threat lens: seed the contradiction, do not explain it. The surface goal stays simple and heroic.

Checks and rolls

- Instinct or Knowledge Choose approach and prepare for the ritual site. Standard Place the party well for Act Five. 15 Cleanly resolve: Choose approach and prepare for the ritual site. Add a concrete boon, extra clue, or improved position. Success, plus the player names one helpful detail or asks one follow-up question. Success, but the GM exposes a cost, ticks a countdown, or reveals a new pressure tied to Toward Open Vale. The full goal slips, but the party still learns a useful truth or avoids the worst consequence. The GM makes a hard move that follows from the fiction and leaves the next choice visible. Spend Fear to expose neglected infrastructure, stress the Custodian, or make the Keystone hum at the wrong moment. On mixed or sliding results, reveal information in layers: visible fact, actionable clue, then systemic truth.

- Whitefire Custodian's Ward-Charm: A small hand-carved wooden ratcoon mid-scamper has been thumb-worn smooth for luck. It is warm, and the forest feels a little kinder while you hold it.
