

The Midnight Cabal

Hook

The Midnight Cabal: a whispered future-thread name for impossible jobs and locked doors that opened anyway.

Public Face

A whispered name for impossible jobs and doors that opened without permission.

Slogan

No slogan survives daylight.

How To Deal

Nobody reliable claims to have hired the Midnight Cabal. That is part of the brand, if it is a brand. The stories always include one locked door, one unpaid debt, and one witness who insists the candle blew out by itself.

You Could

- Ask what they publicly promise.
- Compare their slogan to what they actually do in the scene.
