

Long Rest

Hook

A deeper downtime recovery and reset structure used when the story has enough time.

What It Is

How It Works

Long Rest: A deeper downtime recovery and reset structure used when the story has enough time.

Try It

Do we long rest?

You Could

- Use between adventures or when a sequel session gives the party real downtime.
- Not during immediate danger. Use short rest inside the one-shot; save long rest for between-session recovery or continuation play.
- Return to the fiction with the concrete result, cost, or benefit.
