- Image Prompt: Private table TTRPG story atlas asset for Mountain Crabs, Creature / Animal. Role: Crab-shell resource and climbing-route pressure. Summary: Granite-shelled cliff crabs with moss and alpine flowers growing on their backs, stone-heavy claws, many gripping legs, and wary eyes made for vertical roads.. Cinematic fantasy concept art, readable silhouette, no visible text, no UI, no watermark. Do not include the Strixwolf Mother, strixwolf pups, wolves, owlbeats, or animal companions.
- Personality: Grumpy granite tenants of the cliff with gardens growing on their own backs. Not malicious, just enormous and territorial on a road where one bad step is the last. They were here long before the climbing route and resent the traffic.

- Wants: To be left to the cliff and the moss on their shells, and to keep the warm crevices they have always nested in.
- Fears: Falling, fire, and the vibration of too many boots drumming on their rock.
- Secrets: No forced reveal. Let this entity disclose truth through scene context and player attention.
- Body Language: Plants all its legs and raises a stone claw like a slammed door. Sidles deliberately between climbers and the handholds they need most.
- Sample Dialogue: A deep grinding click you feel in the stone before you hear it. The long scrape of shell on rock as one shifts to block the ledge.
- Equipment: Table texture: spoor, tool marks, route tags, charm scraps, shed material, or local testimony tied to this Sablewood entry. granite shell plates alpine moss tiny shell flowers powerful claws cliff grit
