- Robust: Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe. No forced reveal. Let this entity disclose truth through scene context and player attention. Give one concrete visual, one sound or texture, and one sign of who has used or neglected it. Pull player attention toward the choices, clues, and relationships tied to Sablewood? Logistics Preserve, Sablewood Route Gate, Goldspire Waymarkers. Being treated as scenery when it should reveal who is protected, who is charged, and who is left outside the ward. Introduce with sensory texture, then make one discoverable clue or social choice visible. Knowledge / Instinct / Presence as fits the table 15 Learn the clean fact about Sablewood Route Network and one deeper connection. Learn the useful fact and gain a follow-up question. Learn the fact, but reveal who notices, who is endangered, or what timer advances. Miss the full answer, but gain a sensory clue or safe next step. Misread the pressure and invite a GM move tied to cost, custody, or danger. Spend Fear to reveal the system behind the object, move a threat closer, or make a choice more...
- Mechanics: Location Exploration Mechanics Players can navigate, search, read customs, inspect hazards Sablewood Route Network when it is present in the fiction. Use the roll only when the player's method, stakes, and consequence are concrete. Surface read: Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe. Give obvious visible facts freely; roll for meaning, risk, leverage, cost, or a hidden angle. entity-sablewood-route-network-engage-sablewood-route-network entity-sablewood-route-network Engage Sablewood Route Network Engage Sablewood Route Network Instinct Knowledge Finesse Presence Instinct Knowledge, Finesse, Presence 13 Choose the trait from the player's method, not the entity type. A flat read of Sablewood Route Network hides the cost, motive, or useful next step. Critical

Success: best possible version of the action; gain Hope and clear 1 Stress. Add an extra benefit that follows from the fiction. Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a...

Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe. Sunken, well-worn routes through Sablewood where licensed knowledge, family route-data, and corporate coverage determine who is allowed to be safe. Sablewood Route Network feels like a specific place with its own traffic, work, weather, sounds, and local habits. The place breaks into usable table spaces: Arrival edge: The first view gives players a clear threshold and a reason to slow down. Working center: The active middle of the location shows what people or nature are doing before the party interferes. Quiet side path: A quieter edge gives curious players somewhere to poke without leaving the scene. Plants and materials: local weeds, moss, cultivated growth, or scrub that changes how paths feel underfoot. Animals and background life: small local...
