- Equipment: Table texture: spoor, tool marks, route tags, charm scraps, shed material, or local testimony tied to this Sablewood entry.
- Search Or Loot: Search yields context first: spoor, warning marks, tool scratches, route signs, or local testimony unless a scene names treasure.
- Gm Use: Introduce with sensory texture, then make one discoverable clue or social choice visible.
- Future Hooks: Bring back as an echo if players made a strong choice involving this entity.
- Robust: The High Falls drown speech in blue-white spray where the Lucent River drops into a cave mouth nobody fully explains. No forced reveal. Let this entity disclose truth through scene context and player attention. Give one concrete visual, one sound or texture, and one sign of who has used or neglected it. Pull player attention toward the choices, clues, and relationships tied to The Lucent River, Underroot, Forgotten Gods. Being treated as scenery when it should reveal who is protected, who is charged, and who is left outside the ward. Introduce with sensory texture, then make one discoverable clue or social choice visible. Knowledge / Instinct / Presence as fits the table 15 Learn the clean fact about The High Falls and one deeper connection. Learn the useful fact and gain a follow-up question. Learn the fact, but reveal who notices, who is endangered, or what timer advances. Miss the full answer, but gain a sensory clue or safe next step. Misread the pressure and invite a GM move tied to cost, custody, or danger. Spend Fear to reveal the system behind the object, move a threat closer, or make a choice more costly. Loreborne / Knowledge: names the institutional pattern. Wildborne...
- Mechanics: Location Exploration Mechanics Players can navigate, search, read customs, inspect hazards The High Falls when it is present in the fiction. Use the roll only when the player's method, stakes, and consequence are concrete. Surface read: The place where the Lucent River drops into a cave system that once held a community nobody can fully explain. Give obvious visible facts freely; roll for meaning, risk, leverage, cost, or a hidden angle. entity-the-high-falls-engage-the-high-falls entity-the-high-falls Engage The High Falls Engage The High Falls Instinct Knowledge Finesse Presence Instinct Knowledge, Finesse, Presence 13 Choose the trait from the player's method, not the entity type. A flat read of The High Falls hides the cost, motive, or useful next step. Critical Success: best possible version of the action; gain Hope and clear 1 Stress. Add an extra benefit that follows from the fiction. Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a cost, complication, or pressure. Failure with Hope: the PC does not get the full result, but gains Hope...

generated location notes True strong The High Falls The place where the Lucent River drops into a cave system that once held a community nobody can fully explain. The place where the Lucent River drops into a cave system that once held a community nobody can fully explain. The High Falls drown speech in blue-white spray where the Lucent River drops into a cave mouth nobody fully explains. The High Falls are loud, wet, and vertical: rainbow mist, rope overlooks, slick ledges, tents near the spray, and conversation that has to become gesture. The place breaks into usable table spaces: Mist overlook: The falls drown out small talk. Spray path: A slick path crosses behind or beside falling water. Lower pool: Cold water gathers with floating flowers and debris. Plants and materials: spray moss, cliff flowers, water ferns, roots gripping wet stone. Animals and background life: Craymeleon shells flash near mooring ropes, Eeligator shadows move below the lower pool, mist swifts hunt through spray. The air carries roar, rainbow mist, slippery stone, sudden cold gusts. Mist feeds moss, moss holds insects, insects feed birds, and...
