

Damage Rolls

What it is

After a successful attack, roll the listed weapon, spell, or adversary damage dice and compare the total to thresholds when needed.

How it works

Use after a hit or when a feature calls for damage.

Step by step

- Use after a hit or when a feature calls for damage.
- After the attack succeeds. Roll the listed damage, then compare it to the target's thresholds or stat block instructions.
- Return to the fiction with the concrete result, cost, or benefit.

Try it

When do I roll damage?

- Title: Damage Rolls
- Tag: rules-canon
- Summary: After a successful attack, roll the listed weapon, spell, or adversary damage dice and compare the total to thresholds when needed.
- When: Use after a hit or when a feature calls for damage.
- Not When: Do not roll damage before confirming the attack hit or before checking whether a non-damage outcome ended the danger.
- Question: When do I roll damage?
- Answer: After the attack succeeds. Roll the listed damage, then compare it to the target's thresholds or stat block instructions.
- Example: If a skeleton hits, roll its listed damage; if a PC hits, use the weapon or spell on their sheet.
