Emeris is the dispatch point, territory capital, and Sablewood-edge start city. It is safe and prosperous at the start; keep active ward crisis language in Hush scenes. Warm walls, route stalls, wax seals, oiled leather, gate bells, bread steam, and a forest smell pushing over the western wall. Emeris wants the road to feel profitable, knowable, and safe enough that

couriers keep leaving at dawn. Honey-stone walls, courier bells, fried dough, and a green forest waiting past the western gate.
