Canopy trail-life indicator Bright little cat-squirrel hybrids leap limb to limb...

- Locationids: old-sable-canopy-road
- Fearsends: The next marker has been painted over too recently. A wheel rut fills with water from below. The canopy hush arrives before the danger does.
- Spoilers: GM-only location fields, combat notes, canon notes, and hidden-truth context stay off the player display.
- Mapdata: MAP-LOC-old-sable-canopy-road environment Old Sable Canopy Road Location Map old-sable-canopy-road cat-squirrels lemur-toads fox-bats horse-goats assets/location-visuals/old-sable-canopy-road/profile_scene_v02.png Visual reference for Old Sable Canopy Road. Old Sable Canopy Road location map board. The canopy road feels like travel through the forest's memory: dim green light, root-shadow bends, and old markers half-swallowed by moss. The canopy road feels like travel through the forest's memory: dim green light, root-shadow bends, and old markers half-swallowed by moss. Give the route enough texture that the later incident feels placed, not random. The road narrows under branches that meet overhead. Stone markers appear in pairs, then stop where corporate signage begins. Birds restart their calls behind the party but not ahead. Leaf-drip, insects, distant wingbeats, and animal calls that stop or resume according to pressure, not comfort. Leaf-drip, distant wingbeats, mushroom loam, and rainwater running down bark channels. The road surface alternates between springy moss and slick clay that remembers every wheel. The forest is populated even when no NPC is present; silence...
