

S05-07 - Beyond the Contract

Player text

An hour later, back in the treehouse, the Keystone hangs suspended over a rumbling hearth-fire. The Custodian, older now, exhaustion plain in her voice, folds herself into an over-stuffed chair. "You fought hard. I'm not surprised. Emeris doesn't send just anyone." She lets you sit with it, the warmth and the weight both. And then, because there is always one more thing: she has a question about what you will tell the people who sent you, and a map to somewhere the light is going wrong.

Public objective

Wrap your story, decide how you report what happened, and learn what comes next.

- Caption: The adventure ends with what truth the party chooses to carry forward.
- Mood: The Ward Renewal
- Gmgoal: Honor the finale, run the report choice, and bridge to the Epilogue through report_choice.
- Publicobjective: Wrap your story, decide how you report what happened, and learn what comes next.
- Readaloud: An hour later, back in the treehouse, the Keystone hangs suspended over a rumbling hearth-fire. The Custodian, older now, exhaustion plain in her voice, folds herself into an over-stuffed chair. "You fought hard. I'm not surprised. Emeris doesn't send just anyone." She lets you sit with it, the warmth and the weight both. And then, because there is always one more thing: she has a question about what you will tell the people who sent you, and a map to somewhere the light is going wrong.
- Gmnotes: The report choice is the satirical gut-punch: real heroism meets paperwork and future liability.
- Gmscript: Say: "The fight is won. Now the real question: what do you put in the report? File honest, spin corporate, refuse to report, or withhold the truth. That choice decides the Epilogue tone."
- Gmreadaloud: The Keystone hangs over a rumbling hearth-fire. The Custodian looks older now. "You fought hard. I'm not surprised. Emeris doesn't send just anyone." She asks what you will tell the people who sent you.

- Gmchecklist: Name protected_whom and honor the PC or group that covered the worst moment. Name ritual_outcome and custodian_fate in the denouement tone. Gate deeper truth: only keystone_understanding=deep + custodian_trust=high gets the strongest dread hint. Offer report_choice: file-honest, spin-corporate, refuse, withhold-the-truth. Set relay_hook_accepted if the party takes the Goldspire Relay hook. Bridge S05-07 -> S06-* by report_choice.
- Gmprivate: Truth-hint ladder low: the form has boxes for cost, blame, and recoverable asset, but no box for who was protected. Truth-hint ladder medium: the Custodian flinches when lives, memories, or warmth are described as resources. Truth-hint ladder high: only if keystone_understanding=deep and custodian_trust=high, say the frightening part is not that wards need power, but that someone learned how to profit from what protection consumes. Do not fully explain soul-economy. Let players reach for the conclusion.
- Playertakeaway: You saved a city. Now decide what story you tell about it, and whether you answer the next call.
- Storytakeaway: The adventure ends not with the fight, but with who gets to own the truth of what happened.
- Mechanictakeaway: report_choice gates the Epilogue, while ritual_outcome, protected_whom, custodian_fate, and relay_hook_accepted carry the finale forward.
