

S06-01 - Back in the Hanging Office

Player text

An hour later, back in the treehouse, the Keystone hangs suspended above a rumbling hearth-fire, glowing soft and settled. The Custodian, older now, the night's work plain in her voice, folds into an over-stuffed chair. "You fought hard. I'm not surprised. Emeris doesn't send just anyone." There is hot food, a warm bath waiting, and for the first time in days, nowhere you need to be. She looks at each of you like she is memorizing you. "Before you go," she says, "let's talk about what happened out there, and what you'll do with it."

Public objective

Rest, receive your due, and reckon with the choice you made.

- Caption: Back at the Hanging Office, the party can see how the contract changed them.
- Mood: Beyond the Contract
- Gmgoal: The Keystone rests above the hearth while the Custodian thanks the party.
- Publicobjective: Rest, receive your due, and reckon with the choice you made.
- Readaloud: An hour later, back in the treehouse, the Keystone hangs suspended above a rumbling hearth-fire, glowing soft and settled. The Custodian, older now, the night's work plain in her voice, folds into an over-stuffed chair. "You fought hard. I'm not surprised. Emeris doesn't send just anyone." There is hot food, a warm bath waiting, and for the first time in days, nowhere you need to be. She looks at each of you like she is memorizing you. "Before you go," she says, "let's talk about what happened out there, and what you'll do with it."
- Gmnotes: Use triumphant, bittersweet, pyrrhic, or tragic tone from ritual_outcome and custodian_fate. If package_status=lost somehow reached here, frame this as an alternate close and flag the normal reward text as changed.
- Gmscript: Say: "This is the good part. The fire, the food, the old faerie who is alive because of you. Level up, collect what you earned, and let the report choice sit in the room."
- Gmreadaloud: The Keystone hangs suspended above a rumbling hearth-fire. The

Custodian looks older, exhausted, and deeply grateful. "Before you go," she says, "let's talk about what happened out there, and what you'll do with it."

- Gmchecklist: Grant level-up. Distribute pay, goodwill, and the Custodian's parting gift. Name protected_whom and ritual_outcome in plain emotional language. Deliver report_choice payoff: honest, spin, refuse, or withhold. Set rewards_granted and epilogue_tone. Drop only one hidden seed if the table asks the right question.
- Gmprivate: Reward first. The hidden thesis has not earned space until the players feel the win. If custodian_trust is high, the Custodian can almost say: the ward does not make safety from nothing. Stop there. Do not explain the soul-cost. Let it remain a seed.
- Playertakeaway: You are heroes tonight: take the reward, take the level, and take the moment with the person you saved.
- Storytakeaway: You saved something real, and the person you saved wants to thank you.
- Mechanictakeaway: Level-up, rewards_granted, epilogue_tone, and report_choice payoff resolve the one-shot's consequences.

Success with Hope: the PC gets what they wanted and gains Hope. Keep the position clean or generous. Success with Fear: the PC gets what they wanted, but the GM gains Fear and introduces a cost, complication, or pressure. Failure with Hope: the PC does not get the full result, but gains Hope and receives a useful thread, clue, or safer next option. Failure with Fear: the PC fails and the GM gains Fear. Make a hard move that follows from the fiction. The epilogue becomes a handoff instead of a relationship. Use a hard complication, lost time, worse position, GM Fear, or mark Stress. Apply an official condition only if the fiction and rules justify it. The attempt falls short, but a partial thread appears. Offer one clue, weak position, or safer follow-up. Level up, take your due, and have the conversation you earned with the Custodian." "Ask her the questions you have been holding, thank each other, collect your reward, or enjoy being warm and alive." "Time to level up and collect what you earned. Depending on what you told Emeris, this lands a little different." "Level-up, agreed pay, goodwill, and a Custodian gift are the reward. report_choice changes the mood, not the loot." Set...
